

RESPONSE TO COMMENTS MADE AT PUBLIC PLANNING MEETING

The attendees were thanked for attending the public planning meeting and for providing comments.

Mayor Victor Contreras of the City of Marion was thanked for reading his written comments. As a community affected by Hurricane Harvey and the 2016 Floods, comments from the Mayor of the City of Marion were important to AACOG and the region. The Mayor was assured that his comments would be entered into the record.

Staff indicated to the attendees that their comments would be recorded, and that their questions, if any, would be answered during the meeting and/or afterward.

No other comments were received outside of the public meeting.
