

AACOG - State Homeland Security Program 2025 REPAC Subcommittee Priority Areas

Law Enforcement and Fusion Center Subcommittee:

- Bomb Squad Sustainment
- SWAT Team Sustainment and Training
- Active Shooter and Complex Coordinated Terrorist Attack (CCTA) Preparedness
- Intelligence Gathering
- Law enforcement services training and preparedness

Public Health Subcommittee:

- High Consequence Infectious Diseases: Greatest risk due to the high transmissibility, significant morbidity and mortality, and potential to overwhelm healthcare systems.
- Inclement Weather: Includes hurricanes, floods, and extreme storms, causing widespread infrastructure damage, displacement, and disruption of essential services.
- Mass Fatality Incidents: Strain medical examiners, morgues, and community resources while impacting recovery and resilience efforts.
- Chemical Incidents: Arise from industrial accidents or deliberate attacks, leading to immediate harm, environmental contamination, and long-term health risks.
- Radiological Incidents: Accidental releases or dirty bomb attacks pose complex health and environmental challenges, particularly in urban or under-resourced areas.
- Category A Bioterrorism Agents: Although less likely, these agents (e.g., anthrax, smallpox) have high lethality, ease of dissemination, and the potential to cause public panic and societal disruption.

Fire/HAZMAT/WMD Subcommittee:

- Regional HAZMAT Team Capabilities
- Radiological Threat Response
- Regional GIS Capabilities
- ALERRT Training for Fire & EMS
- Rescue Task Force Training & Assets

Emergency Management Subcommittee:

- Citizen Preparedness
- Decision Support Tools
- Emergency Management Training
- Incident/Event Management

Interoperable Communications Subcommittee:

- AACOG Regional Interoperable Communications Coordinator (RICC)
- WAVE Network
- P25 Infrastructure Enhancements
- Regional Response Platforms & Teams
- Encryption
- Multiband Subscriber Equipment
- Subscriber Equipment Reprogramming

AACOG - State Homeland Security Program 2025 REPAC Subcommittee Priority Areas

Hospital/EMS/Medical Subcommittee:

- WebEOC Training and Administration
- AACOG Regional Interoperable Communications Coordinator (RICC)
- WAVE Network Upgrade
- Active Shooter & Rescue Task Force Training, Coordination, and Logistics
