

RFP-25 -80-Fiber Optic Cabling Installation  
Services

Proposals email must be officially received by the Alamo Area Council of Governments (AACOG) by **5:00 pm on September 18, 2025** in order to be considered. Proposals received after the deadline, regardless of circumstance, will be disqualified. **ABSOLUTELY NO EXCEPTIONS WILL BE MADE.**

All solicitation documents are posted here: <https://aacog.gov/procurement>

This addendum is to address Questions & Answers. All parties shall be responsible for reading this entire addendum. The failure to list an item or items of this addendum does not relieve any party affected from performing as per instructions, provided that the information is set forth one time any place in this addendum. The addendum will form a part of the contract document. All other conditions of this RFP remain unchanged.

Q&A The following questions were received according to submission instruction in the RFP.

Question 1:

Could you kindly provide us with a set of prints for the project? We noticed that the RFP does not include measurements, prints, or details about the type of fiber required.

Response:

Please reference the email attachment "Location\_Install\_FOC\_4100 Area Final 22" for project sketches and installation routes. This document provides the available drawings/prints for the project.

Additionally, the Statement of Work specifies that the Contractor shall install approximately 7,110 feet of 12-strand Single Mode (SM) fiber optic cable (FOC), including conduit, geotextile inner-duct, and building terminations at facilities B4188, B4189, B4190, B4191, and B4192. Fiber is required to be single-mode, loose buffer tube, water blocked, OSP/ISP rated, installed in one continuous length where practical, and compliant with RUS 7 CFR 1755.900 and industry standards.

**All other conditions of this RFP remain unchanged.**
